How we can have our own twinspace?

1. register
2. Go to the partner forums on etwinning live. There you can check the idea proposed by other teachers. Or you have the opportunity to post your own ideas.
3. Contact some other teacher and check their availability working with you.
4. Looking for more colleagues on the PEOPLE section and send contact request.
5. When they accept your request then you are ready to start the project that you have already create with one more teacher founder
6. Then you invite your colleague to be your partner in that project.
7. After that, you are waiting for the project to be approved by national support service of both admin countries.

When the project is approved then you are ready to get in on your own twinspace

Together for a secure network

Welcome
Maria Melessanaki

The last few years have witnessed a strong increase in the use of new technologies and in particular the Internet. Arose as a working tool, the web soon turned into a constant presence in the lives of each of us and especially of the very young. Born in what is called the digital age. The boys are among the main users of the network with all the ad...

The image shows a screenshot of a web browser displaying the Twinspace website. The browser's address bar shows the URL: <https://twinspace.etwinning.net/48418/pages/page/287723>. The website header includes the Twinspace logo, navigation tabs for "Portal", "eTwinning Live", and "Acting is exciting", and a language selector set to "English".

The main navigation bar contains links for "HOME", "PAGES", "MATERIALS", "FORUMS", "LIVE", and "MEMBERS". The breadcrumb trail reads "Home > Pages > Hello from Poland".

The page title is "Acting is exciting", accompanied by a red heart icon. A user profile for "Maria Melessanaki" is visible in the top right corner, with a "SETTINGS" gear icon and a "Welcome" message. Below the profile is a blue envelope icon and a small profile picture.

The main content area is titled "Hello from Poland" and includes an "Edit page" link. The text of the page reads:

Hi everyone,

Greetings from windy Poland! How are you? I hope you all received the tapescript of the play. If not, please let me know. Please, feel free to make changes if you think the play is too simple for your students or too short. Please start working on the play in November. Happy Halloween to those of you who celebrate it. We don't in Poland, but some students and adults do, although it's not our tradition.

<https://padlet.com/eczarnikus/8d7dsvfwaz>

Bye for now

Ewa

Hi from Turkey. We got the script. Thank you very much. I also watched the cartoon of the play. It could be performed with some changes or additions. It is not short, it is enough I think. See you again.

Oğuz

Hello from Crete,

Well we do not have in our tradition Halloween this period. Our Halloween is on February and we call it "Apokries"

But its ok! We can start celebratring from now! lol

We have the script! We try to transform it into our style!

On the left side, there is a "Pages" sidebar with a list of links: "Hello from Poland", "Halloween at your schools", "First impressions", "Let's chat once a week", "Welcome New Partners!", "Halloween in Italy", "Our videoconference on 16 November", "Our students want to make friends", "Our Interactive Map", "DRAFT! Creating students' accounts on Twinmail", "Students' descriptions in the File section (Materials)", "DRAFT! SANT ANTONI - 2018 year of cultural european heritage", "Project logo contest", and "Students' pages". Below the list is a "CREATE A PAGE" button and a link to "ARCHIVED PAGES".

The bottom of the page shows a system tray with various icons and a "1 member online" indicator.

Acting is exciting
12.10.2017

"Acting is exciting" is a project which may involve many partners who are interested in drama and whose students are more or less 10-13 years old. Each school receives a short script of the same play and their task is to perform it with costumes, decorations, songs, music, etc. While...

10 steps for a successful project

1. **Create:** a detailed schedule of your activities. Deadlines of your activities considering holidays in each school
2. **Decide:** In collaboration with your colleague what activities you will organize and which web tools you are going to use
3. **Agree:** upon the netiquette rules together with your project partners and publish them on the twinspace
4. **Inform:** your head teacher other colleague and invite your pupils on twinspace
5. **Plan:** Your twinspace with care and create pages, for each of the activities you will organize with the short description of the top of the page.
6. **Use:** The twinspace communication tools: twinmail, teacher bulletin, discussion forums
7. **Add:** A regular live element, chat or live event.
8. **Integrate:** Collaborative activities into your eTwinning projects learn the students up in transnational groups and assign roles or team your students up, according to their interest and talent. Try to have a concrete outcome as a result of collaborative work for example an ebook, video or shared story.
9. **Provide:** encouraging your pupils to comment on each other's work. Integrating ongoing assessments activities, updating the public journal with new activities introduced or one accomplished and asking students to comment on their experience there
10. **Get:** Recognition of your project forward for awards, and prizes and promote your project on the web site of your school, your school community and at different educational event.

Collaboration is like carbonation for fresh ideas.
Working together bubbles up ideas you would not have
come up with solo, which gets you further faster.
